	Members asked that the list of benefits be sent to them for review. Heidi and Mark agreed to send the information out to them after the meeting.
Actions	Send list of benefits to WIB Executive members.

Administrative Item: 1.5 Member Initiatives

Discussion

Juan De Lara – Bylaw review is on hold pending the new regulations and language for the Workforce Innovation and Opportunity Act.

Joyce Johnson – AB-86 Consortium is moving forward. Labor representation may be at the table in the future. Our draft plan should be complete by December 31, 2014. We were also part of the Trade Adjustment Assistance Community College and Career Training Grant and won roughly \$11 million of which a portion was awarded to Mount San Jacinto College. She thanked the WIB for their support during the grant writing process.

Francisca Hernandez – I have been appointed to chair the healthcare consortium for the Slingshot project.

Bob Frost – I would like to invite the trade officials who are trade affiliates to manufacturing if they would like to be involved in the Manufacturing event.

Mary Jo Ramirez – the Education to Business Summit held in Hemet will be coming soon. We work in partnership with Hemet and San Jacinto Unified School Districts to coordinate the event. Last year 250 seniors who had not made a decision regarding college or post-secondary education, nor have an exit plan attended the event to receive information and guidance from the representatives. We have employers and trade unions come in and speak with the youth.

Tina Sewell – I work with the Employer Advisory Council, which is part of EDD. We support local business by trying to educate them on the various laws, which pertain to them. The membership costs \$40.00 and gives businesses access to benefits and the support of legal advice. We are starting our membership drive for this year and ask that the WIB support our efforts by getting the word out.

I ami's Chalmalana

Sonia Nunez – The Logistics Focus Group meeting is scheduled for January 14, 2015.

Motion: That the WIB Executive Committee speak with EDA regarding having the WIB efforts visibility promoted as the C-send by

We need to be OA and let them know o mentioned that

Information Item: 2.1 County Counsel Input on Quorum by Conference Call

Discussion

Presented by

Mark Christiansen - at the last Executive meeting members asked if participation by telephone was permissible for our board meetings. The answer is yes, but if you are the quorum member you must be in your area of jurisdiction and the publicly posted agendas must state that the meeting will be held at the alternate location and the location must be open to the public and ADA compliant. All votes must be done by roll call if a conference call is allowed.

Each of our WDC's can be listed as meeting places. Potentially, when full board meetings are held and members need to call in they could use their area's WDC to participate, and they must remain on the line for the entire meeting. Members thought the idea of having alternate sites was very good. Heidi asked for list of viable offices so that the process of having them listed as meeting places could begin. Morris put the WDC's forth as the official alternate meeting sites and any other locations would have to be made compliant by the person asking to meet there.

Discussion Item: 3.1 Regional Committee Chairs and Executive Committee Appointments

Discussion

Morris Myers

Asked all standing Executive Regional Committee Chairs if they would be willing to reappointed as Chairs for their Committees.

Regional Committee Chairs:

East - Juan De Lara

West – Imran Angelov Farooq Southwest – Rick Glasmann

Imran Angelov Farooq

Charles Fischer - Chair Council for Youth Development

Bylaw Positions:

Joyce Johnson - Education

Bob Frost - Labor

At Large Positions:

Laurie Stalnaker

Lupe Del Gado

Tina Sewell

Francisca Hernandez

Sonia Nunez

Discussion Item: 3.2 Government Representatives Advocacy Effort

Discussion

Laurie Stalnaker

We need to do have better efforts in reaching out to all elected officials, not just congressional members. Congressional members vote on our behalf, but other officials can be our voice to reinforce our positions to Congress if we do a better job of advocating and building relationships. She gave a brief overview of statistical numbers in Riverside and San Bernardino Counties. We should create a committee that meets with elected officials on a regular basis to keep them apprised of our efforts.

Tina mentioned that this effort is being done in the East Regional Committee. Morris mentioned that these efforts were being done from the grassroots level, but it was for getting support to have the Workforce Investment Act reauthorized. Now we will refocus on letting the public know who we are, and what we actually can accomplish for them. Advocating is part of our Strategic Plan and we will continue these efforts. We will address further efforts through the Plan.

Laurie asked how appointments to the WIB were handled. Morris gave her a structural breakdown and how the process works.

Reports:

	Regional Committee Reports
West	Imran – one of the big areas the West is focusing on, is the investing in manufacturing partnership. There is an ongoing federal initiative pool of funding worth \$1.3 billion, which our region will have priority access to through our partnership with the Port of Los Angeles. It is part of the TACCCT grant and is roughly \$15 million in federal funding for the State of California to distribute. More projects will be presented in 2015.
East	Juan – the East is working to get our private sector businesses more involved with the WIB. We hosted a Workforce Summit that was sponsored completely by our business partners and we hope to have a more successful event in 2015.
Southwest	January 15, 2015, the Southwest will host an event for businesses to showcase the Workforce Development Centers and illustrate how we work and the benefits we can provide to businesses.

	Council for Youth Development Report
CYD	Mary Jo – announced that the 2015 Chair for the CYD will be Charles Fischer, Executive Director Riverside County Office of Education. Nominations for Character Counts awardee have been sent out to our Youth Opportunity Centers and other youth serving agencies.

Chairman's Report
Morris – Riverside WDC will host the January 14, 2015, Slingshot Council meeting.

Director's Report
Heidi – reported that there has been a 2 point drop in unemployment. She noted that our voice needs to be heard, but getting the word out on all levels needs to be part of a larger conversation. There is power in numbers and we do need to improve and build our legislative relationships. She agreed that the WIB needs to be promoted more and given credit for its accomplishments, but noted that there are certain advantages to being partnered with a larger agency. She will make sure that information concerning the WIB will have better dissemination.
