The schools serve low-income, previously out-of-school youth. SIATech excels at identifying student strengths and individualizing instruction to meet each student's needs and goals. The school's safe and caring setting enables students to re-engage, take charge of their learning, and obtain the tools needed to be college-and career-ready. SIATech's family of schools has graduated more than 15,000 previous dropouts since 1998.

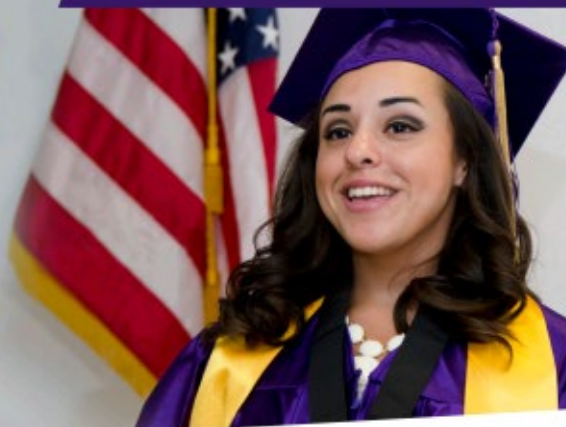

SIATech high school sites are located in the following cities:

California

Chula Vista
El Centro
Indio
Long Beach
Los Angeles

Moreno Valley
Oceanside
Perris
Riverside

Sacramento
San Bernardino
San Diego
San Jose

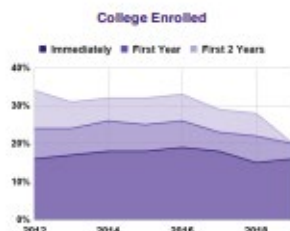

15,000 Graduates and Counting!

SIATech schools have remained focused on dropout recovery since they were established in 1998. SIATech enrolls students throughout the school year in order to welcome students back for a second chance at their education. Students must meet all the state requirements to earn a high school diploma. Students are not charged tuition as the schools are public and free to students. Upon enrollment, each student credit history and interests are evaluated to create a personalized learning plan. SIATech schools have provided the gateway to a better future for more than 15,000 graduates!

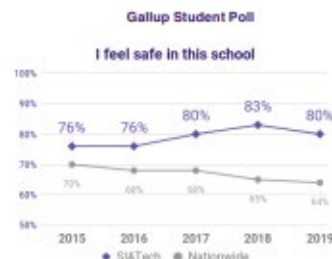

College-Going Rates

SIATech schools provide an environment for students to get ready for college and careers. SIATech students are often the first in their family to graduate from high school. Many had to drop out to help their families earn money in order to make ends meet. For newly enrolled students, it is often unthinkable to them that they will go to college. However, this perspective changes as students progress through the curriculum and build trusting relationships with caring SIATech staff. Within two years of graduation, an average of 32% of SIATech graduates will enroll in an institution of higher learning. SIATech is proud of its alumni and support their individualized paths to lifetime goal fulfillment.

SIATech Students are Highly Engaged

SIATech students are engaged consistently and constantly in their curriculum and classrooms. The Gallup organization surveys schools across the nation annually on measurements of hope, engagement, entrepreneurial aspiration, and career/financial literacy. Gallup's results repeatedly illustrate the many ways SIATech provides an excellent educational environment for its students. Results from the Gallup Student Poll's demonstrate that SIATech students frequently give higher responses than student responses in the nationwide sample. In spite of previous difficulties in school, SIATech students are back on-track to success.

AMA CERTIFIED PROFESSIONAL IN MANAGEMENT™ (AMA-CPM™)

The new standard for management excellence

RCC has partnered with American Management Association (AMA) to permit students to qualify to earn an unprecedented management certification. AMA has identified the critical competencies necessary for leaders at all levels to help their organizations succeed.

WHY YOU SHOULD BE CERTIFIED

Managers must possess not only the skills, capabilities, and competence to lead, but also the character to positively impact and influence people. AMA-CPM is a standard for identifying those who have qualified to meet these criteria

**Enroll in an exclusive online course that only RCC is offering for Fall 2021 MAG 40:
The American Management Association Certified Professional in Management section #49246**

Students will explore the foundational skills managers need to successfully perform and deliver results in today's business environment. The areas of knowledge included are:

Professional Effectiveness

Relationship Management

Business Acumen

Analytical Intelligence

COURSE INCLUDES

- ▶ 16-week semester covering critical management competencies
- ▶ *The Management Body of Knowledge*, AMA's flagship publication designed as the benchmark of essential management tools

GET CERTIFIED

MAG 40 will adequately prepare students to sit for the exam. Upon receiving your score and exam feedback, you'll learn if you have earned the *AMA Certified Professional in Management* credential.

**Enrollment is limited for the first cohort class.
Exam application and test fees are included (\$500 value)!**
